

# End Up with You

Carrie Underwood

I don't really care 'bout making any plans  
Leave it up in the air, give it up to chance  
Seein' where it goes, seein' where it lands  
I just wanna go as fast as we can

And we could end up broke down on some back road  
Lovin' in the back seat to the radio  
Wouldn't be the worst scenario  
'Cause all I wanna do is end up with you  
Get home and we're locked out  
Middle of the backyard laying down  
Last thing that I'd worry 'bout  
'Cause all I wanna do is end up with you  
Yeah, all I wanna do is end up with you

To the end of the world if you wanted to  
Yeah, 'cause you could light up the dark side of the moon  
Don't leave it up to me, I'll leave it up to you  
'Cause I just want one thing when the night is through, yeah

We could end up broke down on some back road  
Lovin' in the back seat to the radio  
Wouldn't be the worst scenario  
'Cause all I wanna do is end up with you  
Get home and we're locked out  
Middle of the backyard laying down  
Last thing that I'd worry 'bout  
'Cause all I wanna do is end up with you  
Yeah, all I wanna do is end up with you  
All I wanna do is end up with you  
All I wanna do is end up with you

We could end up broke down on some back road  
Lovin' in the back seat to the radio  
Wouldn't be the worst scenario  
'Cause all I wanna do is end up with you  
Get home and we're locked out  
Middle of the backyard laying down  
Last thing that I'd worry 'bout  
'Cause all I wanna do is end up with you  
All I wanna do is end up with you  
All I wanna do is end up with you  
All I wanna do is end up with you

End up with you, end up with you  
End up with you, end up with you  
All I wanna do is end up with you  
End up with you, end up with you  
End up with you, end up with you  
All I wanna do is end up with you  
End up with you, end up with you  
End up with you, end up with you  
All I wanna do is end up with you  
End up with you, end up with you  
All I wanna do is end up with you, you, you, you
