

The More Boys I Meet

Carrie Underwood

This boy here wants to move too fast
He sees my future as havin a past
Well, I don't think so
I don't think so

That boy there, well, he's playin a fool
He thinks he's funny and he thinks he's cool
Well, I don't think so
I don't think so

Cheap date, bad taste, another night gone to waste
Talkin about nothin in so many words
It's not like I'm not tryin
Cause I'll give anyone a shot once

And I, I close my eyes
And I kiss that frog
Each time findin
The more boys I meet
The more I love my dog

Here's this guy, thinks he's bad to the bone
He wants to pick me up and take me home
Well, I don't think so
I don't think so

Cage fights, PlayStation, X-Games and Raider Nation
Oversize pants with an ego to match
It's not like I'm not tryin
Cause I'll give anyone a shot once

And I, I close my eyes
And I kiss that frog
Each time findin
The more boys I meet
The more I love my dog

Why can't they be like the ones
That mean everythin to me?
Warm and loyal, open and friendly
It's not like I'm not tryin
'Cause I'll give anyone a shot once

I close my eyes
And I kiss that frog
Each time findin
The more boys I meet
The more I love my

I close my eyes
And I kiss that frog
Each time findin
The more boys I meet
The more I love my dog
The more I love my dog
