

In Stereo

Cartel

I wrote a song so sing along
(You gotta push play to start)
And when it ends, play it again
(Make sure you know it by heart)
Call and repeat, don't miss a beat
(I know it sounds absurd)
It's nothing new, nothing to do
(That you haven't)

All the words, I've been saying
All the songs, I've been playing
So say to me "Just keep dancing."
All they want is energy

Hey you are a star
You're gonna make it
Hey you will go far
You'll get your break, kid
They know who you are
No matter where you go
Watch you'll melt the charts
And that's your stereo

Don't get me wrong, it's just a song
(However do I see)
When all your best is to the test
(Just keep living the dream)
This is for real, a record deal
(I'm trading money for art)
I had a plan to start a band
(But that was falling)

A part of me can't let go and
I don't see anything but
Despairity making me crazy
It's now or never, more than ever

Hey you are a star
You're gonna make it
Hey you will go far
You'll get your break, kid
They know who you are
No matter where you go
Watch you'll melt the charts
And that's your stereo

I believe
In what I can see
Just one more time
Just one more song
To keep it alive

Hey you are a star
You're gonna make it
Hey you will go far
You'll get your break, kid
They know who you are

No matter where you go
Watch you'll melt the charts
And that's your stereo

Hey you are a star
You're gonna make it
Hey you will go far
You'll get your break, kid
They know who you are
No matter where you go
Watch you'll melt the charts
And that's your stereo

You'll get your break kid
Catch me in stereo
