

# Let's Go

Cartel

Let me reintroduce myself  
As a man with a cause  
I've had a lot of time to think  
And look at who we are  
And I've got nothing left to say  
But we've got to carry on  
And I've got so much left to do  
But I'll start with this song

Why do they lie?  
Why can't you see?  
Get up everybody  
Stand up with me

Let's Go! Everybody!  
Let's Go! Tell 'em we're coming  
Let's Go! Everybody!  
Let's Go! Stand up with me!  
Let's Go!  
Take the world with me

You've got something on your mind  
But you get in your way  
Don't tell us tomorrow  
You better buy change today  
All we have is who we are  
And all we know is pretending  
You gotta think of something real  
Save a life worth spending

Why do they lie?  
Why can't you see?  
Get up everybody  
Stand up with me

Let's Go! Everybody!  
Let's Go! Tell 'em we're coming  
Let's Go! Everybody!  
Let's Go! Stand up with me!  
Let's Go!  
Take the world with me

So if you've got a torch to carry  
Hold it high!  
Take the world with me  
Let it burn, let it burn, let it light up the sky!

Stand up! Yeah, let's go  
Stand up! You've gotta let them know  
Stand up! You've gotta make them see  
Get up people! Stand up with me!

Let's Go! Everybody!  
Let's Go! Tell 'em we're coming!  
Let's Go! Everybody!  
Let's Go! So I'll sing..  
Let's Go! Everybody!

Let's Go! Tell 'em we're coming!  
Let's Go! Everybody!  
C'mon everybody, stand up with me!  
So let's go! Take the world with me!  
Let's go! Let's go!
