

Thin Air

Cartel

Oh

You've gone and done it this time
You stupid boy, you're out of line
And all misunderstandings, all of down of sight
Your sincerity burst a hitting lie
A fantasy, and fairytales

Now you're leaving all our best behind
After see the world and there you'll find
After waiting here now all this time
We could've had it all but you were blind
We could've had it all

Wait, the smoke it never cleared
And now you've gone and disappeared
Into thin air
You vanished like a girl who's tangled in despair
Searching for a reason

Now you're leaving all our best behind
After see the world and there you'll find
After waiting here now all this time
We could've had it all but you were blind
We could've had it all

And now you've gone and disappeared
Into thin air
You vanished like a girl who's tangled in despair

Now you're leaving all our best behind
After see the world and there you'll find
After waiting here now all this time
We could've had it all but you were blind
We could've had it all
We could've had it all
We could've had it all
We could've had it all
We could've had it all
We could've had it all
We could've had it all
