

# Breathless

Cascada

Uptown, another endless night  
Hearts break in early morning light  
Yeah, I take my time

Downtown, a lonesome boy at home  
I don't know what's really goin' on  
Yeah, I take my time

But underneath it all I know it feels so right  
I feel I'm goin' crazy, but I won't cry tonight

Don't turn away, I need to say  
You are the one who leaves me breathless  
Don't runaway, I wanna stay  
As long as I can be with you

Now I know  
I never meant to break your promise, whoah  
I never meant to say goodbye  
Don't turn away, I wanna stay  
As long as I can be with you

If I could start it all again  
I know your more then just a friend  
Yeah, I turn back time

But underneath it all I know it feels so right  
I feel I'm goin' crazy, but I won't cry tonight

Don't turn away, I need to say  
You are the one who leaves me breathless  
Don't runaway, I wanna stay  
As long as I can be with you

Now I know  
I never meant to break your promise, whoah  
I never meant to say goodbye  
Don't turn away, I wanna stay  
As long as I can be with you

Come take my hand, let's break away  
Don't stop, don't be afraid 'cause I know  
We'll be forever

Don't turn away, I need to say  
You are the one who leaves me breathless  
Don't runaway, I wanna stay  
As long as I can be with you

Now I know  
I never meant to break your promise, whoah  
I never meant to say goodbye  
Don't turn away, I wanna stay  
As long as I can be with you

Don't turn away, I need to say  
You're the one who leaves me breathless

Don't run away, I wanna stay  
You're the one who leaves me breathless
