

Endless Summer

Cascada

It feels like paradise
The world is closing in
It feels so right
I start to fantasize
'Bout what we're getting in
Cuz now your mine
This is our time

It's an endless summer
Boy I want you close to me
In an endless summer
We'll make love and we'll be free
It's an endless summer
Boy i want you close to me
In an endless summer
Now it's time for you and me

Endless summer

My heart beats stronger
Now you're by my side
I'll hold you tight
Please let me show you
How we'll grab a ray of light
'Cause now you're mine
This is our time

Endless summer; boy I want you close to me
In an endless summer; we'll make love and we'll be free
Its an endless summer; boy I want you close to me
IIn an endless summer; now it's time for you and me

Endless summer
