

Who Do You Think You Are?

Cascada

Why can I still believe in tomorrow,
When all I have tried was just in vain (just in vain)
Is it worth the fight I couldn't start believing that those feelings
who died could face the pain (could face the pain)

I don't need no diamond rings, alibis no more.

Who do you think you are
Cuz once again you broke my heart
I know that love went just too far
Its hard to catch a falling star
But now I finally realize, you're a brown eyed angel in disguise
Just one step too far so tell me honestly
Who do you think you are (who do you think you are, who do you think you are)

You and I were on our way together
But this life passed by, these days are gone (these days are gone)
All the tears I've cried they taught me nothing lasts forever
I been blind for just too long

Cuz I don't need no diamond rings, alibis no more.

Who do you think you are
Cuz once again you broke my heart
I know that love went just to far
Its hard to catch a falling star
But now I finally realize, you're a brown eyed angel in disguise
Just one step too far so tell me honestly
Who do you think you are (who do you think you are)
