

# Caught You

Case

Hmm.. we did so many things wrong  
So now I think it's too late for us  
But wait, listen for a minute baby(oh,oh oh)  
Spent last night wonderin where ya been  
Jumped in my ride just searchin for somethin  
As I stopped at the light  
Through all the noise I could hear your voice  
So I looked in my rear view and I saw you  
Oh and it hurt so bad

Chorus:

What can I do,girl I saw you (yes I did)  
What can you say,girl I caught you ( yes I did,yes did,yea yea)  
Just can't explain,way he kissed you  
It's gonna hurt I'm gonna miss you( oh yes I will,yes I will)

I don't know what I'm gonna do  
It's the very next night,your all alone  
Waiting so,I looked in your eyes  
Nothing there but despair  
I asked where you were last night,and don't lie  
You said you spent the evening at your girlfriends  
Why you wanna pretend  
Chorus

Baby I can't lie  
I'm not the average guy (no,no)  
And I'm not gon sit around,I won't even ask you why  
The choice you made was yours to make  
But thanks for all the love you gave  
But baby now it's time to say goodbye  
Goodbye, thankyou bye bye baby  
Chorus (till fade)
