

## Sex Games

Case

I know you're lying all alone  
Waiting for my call  
To tell me that your body's craving me  
Well the phone's not enough tonight  
Let's make this reality

- We can do the things that you don't get to do  
Cause you lay all alone  
Just let me sit here and watch you strip  
For me cause I know I get you off

- Is it too late to come on over?  
And play sex games  
Is it too late to slide on over?  
And play sex games

Sex games, oh yeah, oh baby  
Sex games

You know it's funny how you try  
To hide your crazy sex drive  
I must admit I wanna play  
Your body pretty mama till the night  
Becomes the middle of the day
