

# Think Of You

Case

Nooo...nooo....

You see it...no no no..no no

Listen baby

There's something crazy I'm feelin

And I don't even know what I can do about it

It keeps me up in the evenin

And I just can't clear my head..of you

Baby I don't know what it is.. that's tellin me

That nothing could be more than lovin you

I try to get my thoughts and my feelings together

But no matter how I try to find it, brings me back to you

(in the morning) I think of you

(day and night) baby I think of you

(everyday) I think of you

(and every other day) oooh, I can too

(when it rains) I think of you

(when I cry) baby I think of you

I don't understand what makes me think of you

Baby, I just do

Everyday this feeling gets stronger

Not a minute or hour goes by that I'm not thinking of the

For the very first time in my life, I feel deep inside I know the answer

In what I feel is real

Baby now I know what it is..thats been tellin me

That nothin could be more than lovin you

Now I got my thoughts and feelings together

See I understand the vibe I'm gettin, now I run to you

(in the morning) I think of you

(day and night) baby I think of you

(everyday) I think of you

(and every other day) oooh, I can too

(when it rains) I think of you

(when I cry) baby I think of you

I don't understand what makes me think of you

Baby, I just do

(in the morning) I think of you

(day and night) baby I think of you

(everyday) I think of you

(and every other day) oooh, I can too

(when it rains) I think of you

(when I cry) baby I think of you

I don't understand what keeps me (keeps me) thinking of you

I do

Repeat til end :)
