

What's Wrong

Case

I need to be with you
But I don't know if it's worth the time it takes
For us to get long, yeah
The love we shared together
When we were more like friends
You seem to been gone so far along
And I need to know so I'm singing my song

- What's wrong? What have I done?
You feel this way
Tell me why you love is gone away
What's wrong? What have I done?
You feel this way
Tell me why you love is gone away

When I come home I feel the pain
And all those things you say to me
Cause you don't think I care
I miss the days that we just were spending time
Forget the times we would fuss and fight
And tell me that our love's alright

You're my wind in love
One more time
Uh-huh, uh-huh, uh-huh
Do dee do hey
Tell me what's wrong

With this ring I be wed
And I'm taking the time to say
That my love for you goes on and on
Til my dying day
With this ring I be wed
And I'm taking the time to say
That my love for you goes on and on
Til my dying day
