

# Small Town Love

Casey Donahew Band

A buckle bunny in a halter top  
With a rockin' little body that just won't stop  
Her legs go on and on and on 'til I lose my mind

She got her hair pulled back and some cutoff jeans  
Like the picture on the cover of a magazine  
She's making downtown main street look like Rodeo Drive

And I know you've got big city dreams  
Oh but what you want ain't always what you need

I think you need a long dirt road and a bottle of wine  
If I can wrap you in my arms then I can make you mine  
Can't buy you expensive things and diamond rings  
But there's a moonlight view from my porch swing  
And you won't know what you're missing 'til it's gone  
Maybe this small town love's what you needed all along

I'm not a rhinestone cowboy with a platinum card  
I got an '87 Chevy, play an old guitar  
I know the back roads of this town like the back of my hand

When there's hay to haul and work to do  
I'm the first one there and the last one through  
I think the love of a woman was meant for just one man

And I know you've got big city dreams  
Oh but what you want ain't always what you need

I think you need a long dirt road and a bottle of wine  
If I can wrap you in my arms then I can make you mine  
Can't buy you expensive things and diamond rings  
But there's a moonlight view from my porch swing  
And you won't know what you're missing 'til it's gone  
Maybe this small town love's what you needed all along

I had just one chance, I couldn't let it slip away  
I had to lay it all on the line, convince you to stay

At the end of a long dirt road and a bottle of wine  
When I wrapped you in my arms I knew that you were mine  
It's gonna be tough but we'll get through  
On an old porch swing with a moonlight view  
'Cause right here by my side's where you belong  
Yea, right here by my side's where you belong  
Maybe this small town love's what you needed all along  
Yea, maybe this small town love's what you needed all along
