

# She's Money

Casey James

You can take everything that I own  
You can take everything that I've ever known  
You can clean out the bank  
Burn it all up in flames  
Take it all and run, I'll be okay  
'Cause I don't need a thing

'Cause she's money  
Well she's silver and gold  
Pure honey  
So good for my soul  
Whether rain or sunny  
She's money  
She's money baby

All the green that I need in her emerald eyes  
I got empty pockets babe, but I still get by  
My ride ain't fancy but she don't care  
That don't matter, long as it'll get us there  
And that's why

She's money  
Yeah, she's silver and gold  
Pure honey  
Well, so good for my soul  
Our love is free  
She's all that I need  
Whether rain or sunny  
She's money

She's money  
Well, she's silver and gold  
Pure honey  
Well, so good for my soul

She's money  
Well, she's silver and gold  
Pure honey  
Well, so good for my soul  
Our love is free  
She's all that I need  
Whether rain or sunny  
She's money
