

She's Money

Casey James

You can take everything that I own
You can take everything that I've ever known
You can clean out the bank
Burn it all up in flames
Take it all and run, I'll be okay
'Cause I don't need a thing

'Cause she's money
Well she's silver and gold
Pure honey
So good for my soul
Whether rain or sunny
She's money
She's money baby

All the green that I need in her emerald eyes
I got empty pockets babe, but I still get by
My ride ain't fancy but she don't care
That don't matter, long as it'll get us there
And that's why

She's money
Yeah, she's silver and gold
Pure honey
Well, so good for my soul
Our love is free
She's all that I need
Whether rain or sunny
She's money

She's money
Well, she's silver and gold
Pure honey
Well, so good for my soul

She's money
Well, she's silver and gold
Pure honey
Well, so good for my soul
Our love is free
She's all that I need
Whether rain or sunny
She's money
