Casey Veggies

Pulled up stuntin' man, everything wavy  
Whip half a hunnid, jeans cost \$580  
I can tell she want it, cause she actin' so complacent  
You can say I'm wrong, well I guess the boy crazy

Runnin', runnin', runnin', man that's all a nigga sayin'  
Hunnids, hunnids, hunnids, man that's all I'm really paid in  
Lifestyle flows, yeah that's all I'm really sprayin'  
She called me on the weekend and we head straight to the deep end  
We been, ballin' so hard from the mornin' to the evenin'  
And I make her do the cleanin', then I make that girl sleep in  
Turn me up, one time. I ain't got no punchlines  
Lil mama so fine, so I had to give her that punchline  
Like wait, hol' up. All I do is show up  
She sweet like some fruit roll ups, so all I do is go up  
Like wait, hol' up. They let the boy get his dough up  
My girl watched me grow up, right before her eyes I blow up  
They came thru makin' that noise, like that boy went in for sure  
Gettin' money on tour, I might bring back fleur  
Suicide my doors. I'm flyin' out, you tryin' out  
Got diamonds in designer, but come find out what my mine 'bout

Girls in the crowd, and they all screamin' "Casey!"  
You know you my baby, you knew I would make it

It amazes, like where the days went  
In amazement. I'm chasin', stupid commas  
It ain't no stoppin' us. Period.  
She so furious, cause I dropped her  
I'm in this ho, get some mo' though  
Mo' niggas is watchin, I got this  
You get knocked off, wit' the lights out  
And the top off. On the block wit' Rottweilers  
That boy so cold, but I'm not soft  
I'm poppin' now, she used to play me off so I knocked her down  
All the way to the ground, and after that she ain't make a sound  
Like wait, hol' up. Tell somebody to roll up  
I from killer Cali where, all we do is grow up  
Like wait, hol' up. Baby girl come over  
All we do is get older, so let's get it in for it's over  
When I swerve up, she get piped down  
I get paid off of my lifestyle  
All the real niggas say, "Aye!", all the bad girls say, "Oww!"  
Everyday is payday, and every night I get wiped down  
Everything been crazy and I pulled up and it's wavy
