

# Money Don't Buy Time

Casey Veggies

PNC Polo money get it so dolo  
Shining hard, rose gold ever since i went solo  
Baby girl she see me respect the fact i be working hard  
Graduated high school to the pros then i hit the mall  
This for my youngings sitting back in they group homes  
Thinking bout why their parents left them needing a new home  
Sometimes I sit back, thank god I made new songs  
Reality why I'm doing meetings, I'm feeling too on  
My reality beat my heart at a casualty  
I took it down first and I don't want no one after me  
She took the boy to church and made me into pastor meat  
I'm thinking bout joining every time I be going in  
I've been touring, my whip foreign, was born great  
Yo chick worn out and torn, my chick fornicate  
Some people fuck with me heavy and there's some people that hate me  
One thing they got in common, is that none of them made me

For my time I got money, but money don't buy time  
I got ahead, some got left behind  
The world is yours, just sign this dotted line  
And you can say I made it

You can say, you can say, you can say I made it  
You can say, you can say, you can say I'm crazy  
Cause they switch up and they get like that  
When shit change it don't get right back  
Equipped up with a flashlight  
I don't misjudge, get your act right  
Like Chris Paul, I'm mad nice  
Like Kobe Bryant with a bad wife  
Like Casey he a young nigga  
That's killin' em, having fun with it  
I'm feeling it  
So let's go get it with your lil friend, that's so cute  
She militant, she salute  
Me and my niggas is comin' for millions  
The grind is retard, obvious brilliant  
Knew I would get it, I guess I'm a psychic  
So I caught it, I won it, and I went to price it  
In the hood they bang-bang and no, I don't like it  
That's cold game, we just letting it rotate  
If I never told you one thing  
I'm telling you get on your knees and pray  
Let a little pain ease away and hope for them easy days  
Tryna think if I should leave today  
Or go ahead and let you lead the way

For my time I got money, but money don't buy time  
I got ahead, some got left behind  
The world is yours, just sign this dotted line  
And you can say I made it
