

# One Night Stand

Cash Cash

Don't touch my heart  
Don't touch my heart  
I only need you for a one night stand

I met a girl in new jersey  
Her love took me by surprise  
She broke my heart for the first time  
And I swore I'd never love

I met another girl in the city  
But I felt desensitized  
All I really wanted was her for the night  
And some fun between her thighs

So I told her from the start  
Don't touch my heart

Don't touch my heart  
Cause you'll fall apart  
I'm only looking for a one night stand  
Don't touch my heart  
I told you from the start  
I'm only looking for a one night stand

Don't touch my heart  
Don't touch my heart  
I only need you for a one night stand  
Don't touch my heart  
Don't touch my heart  
I only need you for a one night stand

Got my own satisfaction  
Put the key inside her door  
I left her house at the break of dawn  
And it left her wanting more  
But hey I told her from the start

Don't touch my heart  
Cause you'll fall apart  
I'm only looking for a one night stand  
Don't touch my heart  
I told you from the start  
I'm only looking for a one night stand

Don't touch my heart  
Don't touch my heart  
I only need you for a one night stand  
Don't touch my heart  
Don't touch my heart  
I only need you for a one night stand

I got a way to make my heart mend  
A good ugh for the weekend  
I got a way to make my heart mend  
A good ugh for the weekend

Don't touch my heart

I only need you for a one night stand I told you from the start  
I only need you for a one night stand

Don't touch my heart  
Cause you'll fall apart  
I'm only looking for a one night stand  
Don't touch my heart  
I told you from the start  
I'm only looking for a one night stand

Don't touch my heart  
Don't touch my heart  
I only need you for a one night stand  
Don't touch my heart  
Don't touch my heart  
I only need you for a one night stand
