

# Still Got It

Cash Cash

Yeeah, Cash Cash is back baby  
And now we're singing  
OOh  
I still got it, I still got it  
OOh  
Yeah, I still got

Still got that pop lock n', panty droppin'  
Smooth moves in my pocket  
Still got that look that get some hook like a locket  
Off like a rocket  
Been down like Kenny Powers  
Now I'm up like the Trump Towers  
And I'm back in town, ain't backin' down  
Won't stop till I get that crown

OOh  
I still got it, I still got it  
OOh  
I still got it  
Still got that fire burnin' hot like never before  
Still got my heart beatin' loud like yours on the floor  
My bottles poppin', fist pumpin' and I'm ready for more  
That's right  
I still got it, I still got it, I still got it

Still got that tiger blood pumpin' fast through my veins  
Mixed with zannies, stripper whammies  
I ain't feelin' no pain  
This bottles up  
Swingin' hard cause I'm still in the game  
Uhuh  
I still got it, I still got it, I still got it

Still got these zebra pants back from 08'  
We all laughed and I took the hate  
Before the world was party rockin'  
Neon poppin' and beat shoppin'  
We're the ones that cook the beats up  
And that's right we milf huntin'  
Sorry for milf' huntin'  
Yeah, I remember way back when  
Long nights on the road in the back of the van  
We had mommas in the back of the van  
Cheatin' on hubbies in a one night stand  
Sorry dad  
Different cities, different bitties, always singin'  
There's a party in your bedroom all night long  
Keep it going now

OOh  
I still got it, I still got it  
OOh  
I still got it

Still got that fire burnin' hot like never before  
Still got my heart beatin' loud like yours on the floor

My bottles poppin', fist pumpin' and I'm ready for more  
That's right  
I still got it, I still got it, I still got it

Still got that tiger blood pumpin' fast through my veins  
Mixed with zannies, stripper whammies  
I ain't feelin' no pain  
This bottles up  
Swingin' hard cause I'm still in the game  
Uhuh  
I still got it, I still got it, I still got it

Now look, I never had no top 10  
But I got this silver Benz  
Run around like I own the town  
You can honk the horn if you see me around  
Cash Cash up in the bank  
Got gas up in my tank  
Imma buy you a drink  
Then take you home out to your kitchen sink

OOh  
We're back baby  
OOh  
I still got it, I still got it  
OOh  
I still got it, I still got it  
I still got it

Still got that fire burnin' hot like never before  
Still got my heart beatin' loud like yours on the floor  
My bottles poppin', fist pumpin' and I'm ready for more  
That's right  
I still got it, I still got it, I still got it

Still got that tiger blood pumpin' fast through my veins  
Mixed with zannies, stripper whammies  
I ain't feelin' no pain  
This bottles up  
Swingin' hard cause I'm still in the game  
Uhuh  
I still got it, I still got it, I still got it

Ain't got shit
