

Never Break Down

Cashless Society

You lost your girl, your money and your job
You can't pay your bills
You got trouble with the cops
Kicked out of your home, now on the streets alone
No place to stay, nowhere to go
Every single day is a hard fight
It's always a run and a hide
Someday you'll be back on top
Hey my friend, don't give up
Even if you got trouble with the cops
You lost your girl, your money and your job
You can't pay your bills
You got trouble with the cops
Kicked out of your home, now on the streets alone
No place to stay, nowhere to go
Every single day is a hard fight
It's always a run and a hide
Someday you'll be back on top
Hey my friend, don't give up
Even if you got trouble with the cops
