

# That's A Go

Caskey

That's a go  
That's a go

Yeah, well I'm back,  
From a lucid dream  
I see the future  
In a crystal ball with a little more hoes than I'm used to  
Tell me how that suit you!  
Suit me fine!  
I got a' mind  
I'm the one with the flow  
I get a lil change in my pocket, and a lame trying to stop It  
Well, I'm subject to blow!  
Chris on the road  
Die body! Rolling around in this wild body  
Contemplating on my sign' they find me  
They don't mind you!  
And you're lying too  
Should I hurt your souls?  
You're my herb so strong  
Still ain't like it  
Blew my whole' and just might'  
Light up the honey Dutch,  
White widow, black hoes, a white widow  
Spanish girl, she my mistress  
Boy, she lick this, she on my hit list!  
I get the business  
You just want some charity  
Need a moment of clarity.  
Boy, don't scare me,  
I might jump off my skin!  
I know you ain't really trying to win,  
But I'm ready to go!

Hook:  
That's a go  
Gold chain!  
That's a go  
Cold bang  
That's a go  
Whole thing in my pocket  
I'm ready to go!  
That's a go  
More change!  
That's a go  
More strains!  
That's a go  
Hoes changing  
And I'm so ready to go!  
That's a go (go)  
That's a go (go)  
Whole thing in my pocket  
I'm ready to go!  
Hoes changing  
And I'm so ready to go!

Pussy, you're standing out, I'm stationary

No moves, my pro tools a little like a session from gold coop  
Is that super sane,  
A lil more high quality the way you used to play 'em  
But as you lead the case  
Tell the motherfuckings, 'leave me space!'  
Why I got a future planed on my'  
Every shitty give my coodles  
That ain't a noodle' the process  
You're infatuated with the objects  
And you're infatuated with the'  
That's new shit,  
Boy, you ain't past the basics  
My team wouldn't lie your kind  
Cause you got a fast mouth and you got a slow grind  
And I got no time, outcontrol  
Whole team and some alcohols  
' without the ounce to blow  
'the weed out the ounce and I'm out the door!  
I got your girlfriend there on mouth control  
Cause she just like home styling  
And truth be told, I'm just whiling  
Why these people around me just surviving  
And I've been driving  
In a cage with the lions  
Everybody brave enough'  
I just hit the main stage and I divide it  
Half to the flow, half to the man that supply it  
You're about to shoot some real violent shit  
Man, I'm talking about a riot  
And ain't condone it  
But if we break this I'mma have to buy it  
I'm ready to go!
