

## Bedding Down Post Xmas Time

Cass McCombs

Bedding down post-Xmastime  
I see your eyes. you don't see mine  
You got me wrong. again  
I ai idle teardrop-led  
Don't want to control your head  
You got me wrong. again  
X-ray scan studies have shown  
I ain't got a jealous bone  
This is half-lie  
You got me wrong. again
