

# I Guess We're Cool

Cassadee Pope

There's something about how you look at me  
I can tell that you're for real  
My heartbeat pounds and my head spins round  
Is this how forever feels?

Gonna take a chance, gonna take your hand  
Gonna let the real me show  
Baby just sit back and try not to laugh  
There's a few things you should know

I'm gonna get jealous  
I can get moody when my hair's a mess  
And I cry over nothing, oh oh, oh oh  
I'm gonna ask all about your ex  
Gonna be late 'cause I can't choose which dress  
These are things I must confess, oh oh, oh oh  
And if you're okay with that then I'm okay with you  
And if you'll always have my back I guess we're cool

If I've learned one thing you should never bring  
Any secrets into love  
'Cause the things you hide they build up inside  
And I don't want that for us  
I'm a little scared 'cause I wanna share  
The best of me with you  
But along with that comes a few red flags  
You should know what you're getting into

I'm gonna get jealous  
I can get moody when my hair's a mess  
And I cry over nothing, oh oh, oh oh  
I'm gonna ask all about your ex  
Gonna be late 'cause I can't choose which dress  
These are things I must confess, oh oh, oh oh  
And if you're okay with that then I'm okay with you  
And if you'll always have my back I guess we're cool

Yeah yeah, put my heart out on the table  
Yeah yeah, and you didn't run away  
Yeah yeah, love me if you're able

Even though I get jealous  
I can get moody when my hair's a mess  
And I cry over nothing, oh oh, oh oh  
I'm gonna ask all about your ex  
Gonna be late 'cause I can't choose which dress  
These are things I must confess, oh oh, oh oh  
And if you're okay with that then I'm okay with you  
Glad I got this off my chest, so are we cool?
