

## Empty Eyes

Cassie Steele

I sit, watching nothing  
On the TV set  
Starting to forget  
Promises you've said  
And you stare at TV reruns  
And when I speak, do you listen?

Can you see me?  
Feel me breathing?  
I'm dying inside  
I'm too late to fade  
I'm trapped inside  
Your never ending empty eyes

I lay, sleepless again  
On the bed's cold side  
Can you hear me cry?  
Or are you occupied?  
And I wonder how it started  
How we became  
So cold hearted

Can you see me?  
Feel me breathing?  
I'm dying inside  
I'm too late to fade  
I'm trapt inside  
Your never ending empty eyes

Empty eyes  
Empty eyes  
Oh

Can you see me? Feel me?  
Can you see me? Can you?  
Can you feel me breathing?  
Can you see me? Feel me?

I'm dying inside  
I'm dying inside  
I'm dying inside  
I'm  
I'm dying inside  
I'm dying inside  
I'm dying within your never ending  
Eyes
