

# Mad

Cassie Steele

Do you feel higher as a liar?  
Feel the need and the greed  
Do you dabble in the fire?  
When the devil is asleep

Do you like a brother's woman  
Let your hands take what they want  
Do you like to be the villain?  
If you do then come on

If you think you're some demented  
Miscreant with no where headed  
Then I got somewhere you should be  
If you think that you're unworthy  
'Cause inside your brain's disturbing  
Baby come along with me

Angry baby turned into a crazy  
Child who got wild in her teens  
Angry lady still be misbehaving  
You're brain sick just like me  
You know I'm mad, mad, mad  
You know I'm mad, I'm mad, I'm mad  
I'm mad you know

Are you down in the daylight?  
Are you happy when it rains?  
Does the night make you alive?  
Feel the dark in your veins

Do you like a little substance?  
Do you love a lot of drink?  
Do the hot and heavy moments  
Make your life worth living?

If you think you're some demented  
Miscreant with no where headed  
Then I got somewhere you should be  
And if you think that you're unworthy  
'Cause inside your brain's disturbing  
Baby come along with me

Angry baby turned into a crazy  
Child who got wild in her teens  
Angry lady still be misbehaving  
You're brain sick just like me  
You know I'm mad, mad, mad  
You know I'm mad, I'm mad, I'm mad  
I'm mad you know

Ever get the feeling  
That we'll be alright?

Life was meant for living  
We're doing just fine

Don't let no body tell you  
That your soul ain't right  
Because you need the darkness  
To enjoy the light

Angry baby turned into a crazy  
Child who got wild in her teens  
Angry lady still be misbehaving  
You're brain sick just like me  
You know I'm mad, mad, mad  
You know I'm mad, I'm mad, I'm mad  
I'm mad you know //2x

Baby come along  
I know what you want  
Baby come along

Baby come along  
You know what I want  
Baby come along  
You know what I want
