

# Power

Cassie Steele

Turn me on  
I've been down and out  
for far too long  
If I start I can't stop  
pouring out your mouth to light me up

Running through my veins  
Baby I can almost taste it  
I can feel it coming close  
I feel your body shaking  
I want it so I'll take it  
Baby try and tell me no no no  
My body's like oh oh

I just want the power  
I just love the power  
No way I can warn you  
'Bout the danger  
It hits me so hard  
like a hurricane in my heart  
(Pow-pow-ow-er, pow-pow-ow-er)

Say my name  
on your knees to me  
and start to pray  
I'm above it all  
Oh I'm flying high, invincible

Running through your veins  
Yeah I bet I feel amazing  
I can feel you coming close  
I feel your body shaking  
I want it so I'll take it  
You can't never tell me no no no  
Your body's like oh oh

I just want the power  
I just love the power  
No way I can warn you  
'Bout the danger  
It hits me so hard  
like a hurricane in my heart  
(Pow-pow-ow-er, pow-pow-ow-er)

Oh the hunger  
When it leaves me so empty  
Falling under  
It's just one thing I'm feigning

(Pow-pow-ow-er, pow-pow-ow-er)

I just want the power  
I just love the power  
No way I can warn you  
'Bout the danger  
It hits me so hard like a

I just want the power(turn me on)  
I just love the power(light me up)  
Power(baby I can almost taste it)  
Hits me so hard  
like a hurricane in my heart  
  
(Pow-pow-ow-er, pow-pow-ow-er)
