

## Balcony

Cassie

I don't wanna scream, I don't even wanna tell you  
How good it is,  
Because if it's a dream  
I'd only wake myself up  
And baby I don't wanna ruin this  
Honestly, I was scared cause  
I know you, were prepared  
And you know what I was thinking  
All my thoughts, all my cares  
The same love on the balcony  
Right there in new york city  
I saw a tourist staring back at me  
In times square in new york city  
It's the world baby

She sassy, she classy, hair like she cassie  
Say why your voices so raspy  
Uh, I hope she nasty  
Last night, good kush and sirrock with a super freak  
Told him put it on my black card,  
Get it super sweet  
We can do it right now girl, I don't give a fuck  
Right here in the valley, we can do it in the truck  
Got her legs on the dashboard, yeah I got a boulder  
Don't know if the kush heat with the  
Go, but I'll be back though

Had a couple drinks, later air it was perfect  
The enjoying the scene, now breathe  
We couldn't help it  
All things have their purpose  
The wind it blew, through my hair love  
I stunned by your stare  
From the sight of you, standing there love  
I could walk, walk on air  
Then we made love on balcony  
Right there in new york city  
I saw a tourist staring back at me  
In times square in new york city  
And in that moment the city was mine

I told her look, baby talk to me, you know I'ma talk  
You know that tic talk... yeah you gonna get the  
Look I got you soaking wet  
Yeah you my needle white, swish  
Turn it right,  
Tear you like I'm kevin hard, you gonn learn tonight  
I ain't no funny nigga nah I ain't got jokes  
Wake up in the morning tell your girls that you got choked  
Bust it wide open, turn it up, blew it back  
Turn that presidential suite, swerving deep, like a crack house  
We're at the rich and I got her on the balcony  
One stop shop ain't nobody coming after me

Then we made love on balcony  
Right there in new york city  
I saw a tourist staring back at me

In times square in new york city  
And in that moment the city was ours  
Turn the lights on
