Is It You

I'm looking for a lover not a friend Somebody who can be there when I need someone to talk to I'm looking for someone who won't pretend Somebody not afraid to say The way they feel about you And I'm looking for someone who understands How I feel Someone who can keep it real And who knows the way The way I like to have it my way And I'm looking for someone who takes me there Wants to share Shows he cares Thinkin' you're the one that I've been waiting for [chorus: 2x] Is it you? Is it you? Maybe you're the one I've been waiting for Could you be the one for me? Could you be the one I need? I'm looking for someone to share my pain Someone who I can run to Who will stay with me when it rains Someone who I can cry with through the night Someone who I can trust whose heart is right And I'm looking for someone And I'm looking for someone who understands How I feel Someone who can keep it real And who knows the way The way I like to have it my way And I'm looking for someone who takes me there Wants to share Shows he cares Thinking you're the one that I've been waiting for [chorus 2x] Take for granted how much I care (how much I care) Appreciates that I'm there Someone who listens And someone I can call who isn't afraid of love to share [chorus 2x]
