

Just keep it on the fast lane
Daddy ain't got time
Brothers in TV land
Life twenty years too far
We're all looking for something
Someone to care about
We're all working for nothing
Missing every sunrise
Lost sense of surprise
And sentimental walkabout
Takes all away from me
But leave me youth and ecstasy
Hook
Summer on the run
15 again
15 again
Lost sense of surprise
And sentimental walkabout
Takes all away from me
But leave me youth and ecstasy

Cold winters long gone man
No more space on my drive
I'm back in neverland woman
Innocence on my flag
Reminiscence only give life to happy ends
Everyday I can be
Whoever I pretend
Lost sense of surprise
And sentimental walkabout
Takes all away from me
But leave me youth and ecstasy
Hook
Summer on the run
15 again
15 again
Lost sense of surprise
And sentimental walkabout
Takes all away from me
But leave me youth and ecstasy
