

## See Me Now

Cassius

After all the everyday  
I've been thru all my life  
After all the today  
I've been waiting for you  
After all the someday  
I've been dreamin' about  
How do you see me now  
How do you see me now

Twenty years I've been through  
Aimin' not to loose north  
More than once came to you  
Always runnin' a bit short  
Not even once  
I came back  
Free of wondering about  
How do you see me now  
How do you see me now
