

## Under Influence

Cassius

Somethin' that makes me  
Think about it all the time  
Always just behind there haunting messin' up my mind  
Something that takes me  
To the place I lose control  
Where there is no one to hold me  
Or own my soul  
I can get crazy  
Travelin' round too fast to see  
Hiding just beyond perception that would be me  
It's how it makes me  
Shakes and tingles thru my spine  
Playin' my life by rolling dice  
Tears to my eyes

Perception (shining on me)  
Affection (holding on to me)  
Obsession (I just can't break free)  
Perception (shining on me)  
Possession (holding on to me)  
Infatuation (I just can't break free)

It's not the first time  
Workin' my way against the grain  
Everyday dreaming an everlasting stream  
It's not the last time  
We all need a second chance  
Playin' life with bishops and knights  
On goes the line  
Why are they trippin'  
I'm just an average man  
One alone... sometimes right sometimes doin' wrong  
Wherever the four winds  
May blow me... I will go  
Only under influence

Perception (shining on me)  
Affection (holding on to me)  
Obsession (I just can't break free)  
Perception (shining on me)  
Possession (holding on to me)  
Infatuation (I just can't break free)
