

## Looking For Trade

### Cast

I'm on a cul de sac  
And I gotta go back  
So come on feet  
We're gonna hit the streets  
We've got it made  
I'm looking for trade  
I'm looking for love  
I'm looking for trade.  
I need some young blood  
I need some young blood  
I need it now.  
I need some young blood  
I need some young blood  
And were gonna get it somehow.  
I'm on a dead end street  
I'm like a dog in heat  
I'm like a kid with no toys  
I wanna get those boys  
Oooh I can't delay  
I'm looking for trade.  
I'm looking for love  
I'm looking for trade.  
Oh were all living like there's no tomorrow  
And the way things are going that's probably true  
But without you and me sis  
The world would fall to pieces  
Vena Cava whos the raver?  
Our raving savior that's you  
I'm on a primrose path  
I'm looking for a little laugh  
Remember it's no fun  
To be the chosen one.  
There are games to be played  
Looking for trade.  
I'm looking for love  
I'm looking for trade.  
I need some young blood  
I need some young blood  
I need it now.  
Ohhh! I need some young blood  
I need some young blood  
And I'm gonna get it somehow.  
I'm looking for trade.
