

## Good Friend Yr Hunger

Castanets

And I cannot befriend you, true  
In searching for my light in you  
In seeking out it's  
Sinless reflections, oh no

And I will not be an idle hand  
I will not be an idle hand  
Friend, I will be your idle hand no more

Love, I cannot be your lover, true  
In searching for my love in you  
In seeking it's  
Sinless protection, oh no

And I will not be a hungry ghost  
I will not be a hungry ghost  
And good friend, your hunger  
I will not host, oh no
