

## The Bridge

## Casualties of Cool

Yolo! Yolo! Yolo!  
Om! Om!  
What is this place  
I only dream about  
Can you say  
What are we apart of  
We all go dead?  
You never want me to go  
You never want to let me go  
But just let me go  
You never want things to change  
You never did think you know  
But I think you know  
You never want to let me go  
But just let me go  
What are we a part of?  
Yolo! Yolo! Yolo!  
Om! Om!
