

## The Code

## Casualties of Cool

Boo!  
Hey! the code is miles away  
Haunted miles away  
The code is miles away  
haunted miles away  
(Miles away)  
Hey! The code is miles away  
Haunted Miles Away  
The Code is Miles Away  
Haunted Miles Away  
And if you ask me to  
I'll walk this path with you  
Live by the code you wrote  
I walk these miles away  
And if you ask me to  
I'll walk this path with you  
Live by the code you wrote  
I walk these miles away  
Go!  
Fly away  
Go away!  
Learn to feel her force  
Hey! The code is miles away  
Haunted Miles Away  
Miles Miles Miles away  
Miles we'll wander  
Miles we'll stomp  
Down through the fields  
Through the dirt and the muck  
Up in the hills  
And over the bluff  
Hey, the Code is Miles away  
Haunted Miles Away  
(The Code is the road)  
The Code is Miles Away  
(The Code is on the way)  
Haunted Miles Away  
Fly Away  
Go Away  
Learn to feel her force  
Haunted miles  
Below my feet  
Come heel to toe  
Walk with me  
Hallowed Hills  
And Phantom dreams  
Ghostly we walk  
To the beat  
The code is miles away  
Haunted Miles Away  
I'll trek this road with you  
I Won't weave and to  
Better off than not  
To walk these (miles)  
Oh if you ask me to  
I'll walk this path with you  
Live by the code you wrote

I walk these miles away  
And if you ask me to  
I'll walk this path with you  
Live by the code you wrote  
I'll walk these miles away  
And if you ask me to  
I'll walk this path with you  
Live by the code you wrote  
I walk these miles away  
And miles, and miles, and miles...
