

Back of Your Head

Cat Power

Big monster
Big monster lover
A bigger pusher over
Stands alone in most walks of life
Walks alone in most walks in life

See you looking through me
Like you've unzipped the zipper
You hold the big picture so well
Can't you see that we're going to hell

Couldn't park that fucking car
Couldn't part from you
Saw the back of your sweet mother's head
Now I know that she thinks I am dead

Burnt flavor you hold the big picture so well
Can't you see that we're going to hell

Big monster lover
A bigger pusher over
Stands alone in most walks of life
Walks alone in most walks in life
