

## Speak for Me

Cat Power

Be good so we're all by ourselves  
The great big holidays about to begin  
A thousand miles after from where it all begins

Oh world, the whole world is

Going on and on, back in to the touch  
It's moving on again  
Going on and on

What's next?  
I'm out of time  
Losing my touch I can feel  
Speak for me; you'll see the same signs  
Do you know how to read between the lines?  
All now it's all for now, all for one.  
What you want?

Big ol' south of a liner  
Stranded and strange just as innocence gets  
I'm not leaving out they are trying to forget.  
The whole world, the whole world is

Going on and on  
Back in to the touch, it's moving on again  
Going on and on

What's next?  
I'm out of time.  
Losing my touch I can feel  
Speak for me; you'll see the same signs  
Do you know how to read between the lines?  
All now it's all for now, all for one.  
What you want?

Going on
