

In the light that I feel
I see crucifixes and expectancy
And I feel so safe
Foot by foot, I feel like a beat cast-off
I feel so ashamed

Tell us, oh, how do we catch a ghost in the dark
10 years richer with my magnet shield
I feel crucified backwards, not too close

And I still feel so safe
Being elderly
But feel like I'm passing
I winning, I winning
And I still feel so ashamed

Tell us, oh, how do we make it in the shade
Hey, made of shame, hope you don't hate it
In the shade, like a ghost in a jar
