

We Dance

Cat Power

There are no castrations here
In a chair you will be with me

We dance, we dance
No-one will dance
With us

Jump, jump, jump, sing ...

They got some brazilian nuts
For your engagements
Check that expiration date, man
It's later than you think

You can enjoy yourself
I can enjoy myself
You can enjoy yourself
I can enjoy myself

Maybe we could dance together
Maybe we could dance together
But you know no-one will dance with us
You know no-one dares to dance with us

This time I see you
There will be
Fine times for ever
And you'll never get lost
