

Wealthy Man

Cat Power

Oh I see, sunny days
Oh I go that far
You and the night is over
Will you tell me that you've always been thinking of me

Indirectly you say to me the hand of a night is not a hand for
me
That's the most sad I've ever heard from another man
A wealthy man
That's the most sad I've ever heard from another man
A wealthy man

Oh I still see sunny days
Oh I go that far
You and the night is dragging on
Maybe I will dream that you will tell me
You've always been thinking of me

Indirectly you say to me
The hand is not a hand for me
Indirectly you say again the hand of
The night is not
A hand for me

That's the most sad I've ever heard
From another man
A wealthy man
That's the most sad I've ever heard
From another man
A wealthy man
