

Granny

Cat Stevens

You were always were so nice
when it came to problems you knew
I never did think twice about ever coming to you

So granny, what on earth can I do?
Granny, granny, what on earth can I do?

'Cause this little girl, this little girl, she's a driving me w
ild
She's a driving me wild, so wild, so wild, so wild

You always straightened me out
When I was feeling rough
But this one I really doubt
Cause this one's really tough

Oh granny, what on earth can i do?
Granny, granny, what on earth can i do?

'Cause this little girl, this little girl, she's a driving me w
ild
She's a driving me wild, so wild, so wild, so wild

So, granny, what on earth can i do?
Granny, granny, what on earth can i do?

'Cause this little girl, this little girl, she's a driving me w
ild
She's a driving me wild, so wild, so wild, so wild
