

Smash Your Heart

Cat Stevens

You cut me deep,
but now i'm gonna see you weep, yeah
this broken man
is gonna do the best he can, yeah

I'll see you pay, before I give you my heart
baby I'll do without
There'll come a day
when I'll smash your heart
and then turn away

You played with me like a toy
and a little baby
After I broke
you just didn't want to know, yeah

I'll see you pay, before I give you my heart
baby I'll do without
There'll come a day
when I'll smash your heart
and then turn away

My time will come,
and you'll know when it's begun, yeah

You'll know because
you're gonna be just where i was, yeah

I'll see you pay, before I give you my heart
baby I'll do without
There'll come a day
when I'll smash your heart
and then turn away
