

## Londinium

Catatonia

London never sleeps, it just sucks  
the life out of me  
and the money from my pocket

London always creeps, showbiz hugs  
the life out of me  
have some dignity honey

Euston, Paddington, train station please  
make the red lights turn green  
endlessly  
My black cab rolls through the neon disease  
Endlessly, endlessly

London never sleeps, it just sucks  
the life out of me  
Have some dignity honey

Sushi bars, wet fish, it just sucks  
the life out of me  
and the money from my pocket

Euston, Paddington, train station please  
make the red lights turn green  
endlessly  
My black cab rolls through the neon disease  
Endlessly, endlessly

I come alive outside the M25  
I won't drink the poison Thames  
I'll chase the sun out west

Londinium

Euston, Paddington, train station please  
Make the red lights turn green  
endlessly  
My black cab rolls through the neon disease  
Endlessly, endlessly

I come alive  
I come alive
