

Nothing Hurts

Catatonia

Everything is beautiful
And nothing hurts you at all, you at all
Everything is beautiful
And nothing hurts you in the world, in your world, in your world

Words plain with lullaby refrain
So sweet sleep
Enjoy the time you keep

All around is wonderful
And nothing harms me at all, me at all
All around is wonderful
And nothing harms in my world, in my world

Words plain with lullaby refrain
So sweet sleep
Enjoy the time you keep
And if you call, I'll follow after all
So sweet calm will keep us safe from harm

Everything is beautiful
Everything is beautiful

Nothing hurts
