

## To And Fro

Catatonia

If you swing to and fro  
Let your inhibitions go  
They're crippling and useless

I'll be your enemy  
If that's what you want me to be  
Yeah that will do nicely

I know this world's got the measure of me  
And I know...but I'm not quite as sure as I should be

Life's such an irritant  
For a picture of innocence like me  
Now what do you take me for

And so much is waiting  
All waiting for me  
My guaranteed cemetery

I know this world's got the measure of me  
And I know...but I'm not quite as sure as I should be  
Sure as I should be, sure as I should be
