

You say that you don't know me
and you couldn't if you tried
and your ignorance amazes me
with every single lie.
You say one thing and mean it then
but then you can't decide.
I would like to know.

What did I do to earn your disrespect?
An overrated importance of superior intellect.
The words I say are not as big but does that mean a thing.
I guess that I'll just stop.
Trying to impress.

[Chorus:]
I look at you
And wonder what you're thinking.
And what you say
When I turn my back to you.
Your arrogance
Powers your ego.

You say I don't know you,
I thought that we were friends!

You say that I don't know you
but I've tried and tried and tried
and I don't know what you're thinking
when you look into my eyes.
Is it positive or is it negative the trend.
And it's funny the way you thought of me when I thought that we
were friends.
I'm glad it all worked out.
The way I knew it would.
I'm glad that I can stop.
Trying to impress.

[Chorus]

I would like to know,
What did I do to earn your disrespect?
