

Sincerely Yours

Catch 22

10:00 I was gonna write a letter but at 1:00 is when I opened up my eyes. 3:00 turned into 5:00. I watched the day pass me by.

6:00 I was changing through the channels. And at 8:00 the stationary called my name. 9:00 the time I stopped impossible that day I didn't speak. Dear loving friend I meant to write should've but the time just wasn't right. Some things I'd rather leave unsaid and I'm sorry that I did. So here's a letter that I never sent with all the words I never said. I never wanted you to leave but you left said I never wanna hold you back but I want to hold you back. Sincerely yours.
