## **Catfish And The Bottlemen**

Larry call a load of smoke in I wanna lose a couple days We've probably never struggled coping But I never want to Promise again that I would call her Forget the time cause I'm 7 hours behind It's probably good I didn't call though But I always want to I'd beg you but you know I'm never home I'd love you but I need another year alone I've tried to ignore it every time you phone But I never come close I don't think through things I never get time Cause I don't think things through Larry call a load of smoke in I wanna disappear for days We've probably never struggled sleeping But I never want to Promise again that I would call her Forget the time cause I'm 7 hours behind It's probably good I didn't call though

But I always want to

I'd beg you But you know I'm never home I'd love you But I need another year alone I've tried to ignore it every time you phone me But I never come close

I don't think through things I never get time Cause I don't think things through I don't think through things I never get time Cause I don't think things through

I'd beg you But you know I'm never home I'd love you But I need another second to myself I've tried to ignore it every time you phone But I never come close
