

## Frozen Rapture

Cathedral

You gave to me  
Affection I couldn't see  
It felt like a rope  
Tightening on me

Frozen rapture  
Your warmth I couldn't trace  
Echoed laughter  
Bring sadness to my face  
Hereinafter  
Plagued by my own embrace

In my frailty  
Your splendour did penetrate  
Onto the cold  
Floors of responsiveness

Frozen rapture  
Your warmth I couldn't trace  
Echoed laughter  
Bring sadness to my face  
Plagued by my own embrace

Buried within walls  
Of ex-communication  
Torch light never shines  
Upon my isolation
