High Heels

Catherine Wheel

No more noise this year I'll wear my highest heels What am I to do? I'm a bad decision maker

Is it still confused I know the truth Beneath this tree It blooms

I'm a hopeless case It multiplies I can I count your tears This time

I know This time Don't criticize

All I have to do Is get inside of you I'll wear my highest heels And I know how it feels

Is it still confused I know the truth Beneath this tree It blooms

I'm a hopeless case It multiplies Can I count your tears? This time

Don't criticize Don't don't don't criticize Don't don't don't don't criticize

I know This time Don't criticize

I know
